SUBJECT AND TITLE INDEX

Teaching and Learning in Medicine
Volume 17, 2005

Editor's note: This is an annual Subject and Author Index of all articles appearing in *Teaching and Learning in Medicine* for Volume 17, 2005. The Subject Index begins on page 403, and the Author Index begins on page 407.

We publish an annual subject and author index in the 4th issue of each volume. Refer to our website at: http://www.siumed.edu/tlm for a complete cumulative subject and author index. (Volume 1, 1989 through Volume 17, 2005).

All categories of our Subject/Title index are listed below. Categories for which there are no published articles entered for this Volume (in boldface italics), may be viewed on our website at http://www.siumed.edu/tlm

Following are the subjects used in the Subject/Title Index:

Admissions
Ambulatory care education
Area health education center
Assessment, physicians
Assessment, residents
Assessment, students
Biostatistics
Career choice and career patterns
Clinical education
Clinical reasoning skills/Cognitive skills
Cognitive Science
Combined degree programs
Community medicine (see also Public health)
Computer software
Computers in medical education
Computers in teaching and evaluation
Continuing medical education
Critical appraisal of the literature
Curricula, multiple sites
Curriculum
Curriculum change
Curriculum database
Curriculum design and evaluation
Emergency medicine
Evaluation, clinical
Evaluation methods
Faculty attitudes and values
Faculty characteristics and skills
Faculty development
Family medicine-family practice
Geriatrics
Graduate medical education
Internal medicine
Learning
Licensure
Medical education, broad issues
Medical education, international
Medical ethics
Medical humanities
Medical students' attitudes and values
Medical students, minority
Medical students' problems or disabilities
Medicolegal issues
Nutrition
Objective structured clinical examination, OSCE
Obstetrics/gynecology
Pathology
Patient education
Patient instructors
Pediatrics
Physical diagnosis courses
Preclinical science
Preventive medicine
Primary care
Problem-based learning
Psychiatry and psychosocial skills
Psychomotor skills
Public health (See also Community medicine)
Research methodology
Research skills
Resident teaching skills
Standardized patients
Student characteristics and skills
Student disabilities
Surgery
Teaching skills

Admissions

A Comparison of Statistical Criteria for Setting Optimally Discriminating MCAT and GPA Thresholds in Medical School Admissions (Albanese & Others) **2005, 17:**149–158

Assessing the Reliability and Validity of a Residency Selection Process Examination: A Preliminary Study Between the National Board of Medical Examiners and the University of Panama Faculty of Medicine (De Champlain & Others) **2005, 17:**14–20

Holistic Vs. Actuarial Student Selection (McGaghie & Kreiter) **2005, 17:**89–91

How Does Pre-Admission Community Service Compare With Community Service During Medical School? (Blue & Others) **2005, 17:**316–323

Reflecting the Relative Values of Community, Faculty and Students in the Admissions Tools of Medical School (Reiter & Eva) **2005, 17:**4–8

Ambulatory care education

A Time and Motion Study of the Effect of Ambulatory Medical Students on the Duration of General Internal Medicine Clinics (Denton & Others) **2005, 17:**285–289

Assessment, physicians

Letter to the Editor: What Does Performance On A Standardized Test Mean In Relation To Patient Experiences In Different Venues? (Greenberg) **2005, 17:**192

Assessment, students

Psychometric Characteristics of a Write-Up Assessment Form in a Medicine Core Clerkship (Kogan & Shea) **2005, 17:**101–106

Clinical education

Book Review of *The Residency Survival Manual: Tools and Tips to Help You Make it Through Residency Training*, by Robert Bing-You, (Greenberg) **2005, 17:**92

Comparison Of Clinical Skills Of Third-Year Students Who Completed Structured Clinical Skills Program With Sixth-Year Students Who Acquired Clinical Skills In Unsystematic Way (Güldal & Others) **2005, 17:**21–26

Developing and Implementing Universal Guidelines for Oral Patient Presentation Skills (Green & Others) **2005, 17:**263–268

Development And Implementation Of A Clerkship Counseling Hotline (Gallagher & Others) **2005, 17:**80–84

Dimensions of Clinical Medicine: An Interclerkship Program (Sakowski & Others) **2005, 17:**374–382

Effect of Electronic Versus Print Format and Different Reading Resources on Knowledge Acquisition in the Third Year Medicine Clerkship (DeZee & Others) **2005, 17:**352–357

Examining the Medical Student Body: Peer Physical Exams and Genital, Rectal or Breast Exams (Power & Center) **2005, 17:**339–345

Expectations of Groups Versus Pairs of Attendings and Residents About Phone Communications and Bedside Evaluation of Hospitalized Patients (Tabas & Others) **2005, 17:**217–227

Face-to-Face Clinical Skills Feedback: Lessons From the Analysis of Standardized Patients' Work (Pfeiffer & Others) **2005, 17:**254–257

Preview of Guidebook from ACE (Alliance for Clinical Education) Guidebook for Clerkship Directors Third Edition: Overview, Purpose and Contents, (Fincher) **2005, 17:**304–306

Psychometric Characteristics of a Write-Up Assessment Form in a Medicine Core Clerkship (Kogan & Shea) **2005, 17:**101–106

Simulation-Based Training of Internal Medicine Residents in Advanced Cardiac Life Support Protocols: A Randomized Trial (Wayne & Others) **2005, 17:**210–216

Teaching Care Management in a Longitudinal Primary Care Clerkship (Peters & Others) **2005, 17:**323–329

The Family Medicine Clerkship Over the Past Ten Years at Ben Gurion University of the Negev (Peleg & Others) **2005, 17:**258–262

Use of "Standardized Examinees" to Screen for Standardized-patient Scoring Bias in a Clinical Skills Examination (Worth-Dickstein & Others) **2005, 17:**9–13

Use of a Novel Animal Prototype to Teach Advanced Airway Management Skills (Cummings & Others) **2005, 17:**63–68

Using Standardized Patient Outcome to Measure the Effect of Teaching Asthma-Related Patient Education and Information Giving Skills to Medical Students (Lo Sasso & Others) **2005, 17:**228–232

Clinical reasoning/Cognitive skills

Teaching Evidence-Based Medicine to Internal Medicine Residents: The Efficacy of Conferences versus Small-Group Discussion (Thomas & Others) **2005, 17:**130–135

Community medicine

A Rural and Regional Community Multi-Specialty Residency Training Network Developed by the University of Western Ontario, (Rourke) **2005, 17:**382–387

How Does Pre-Admission Community Service Compare With Community Service During Medical School? (Blue & Others) **2005, 17:**316–323

Computers in medical education

Does A High Tech (Computerized, Animated, Powerpoint) Presentation Increase Retention Of Material Compared To A Low Tech (Black On Clear Overheads) Presentation? (Ricer & Others) **2005, 17:**107–111

Student Perspectives on the Integration of Interactive Web-Based Cases Into a Family Medicine Clerkship (Shokar & Others) **2005, 17:**74–79

Synchronous Distance Interactive Classroom Conferencing (Oz) **2005, 17:**269–273

The Nature of the Interaction Between Participants and Facilitators in On-Line Asynchronous Continuing Medical Education Learning Environments (Curran & Others) **2005, 17:**240–246

Continuing medical education

The Nature of the Interaction Between Participants and Facilitators in On-Line Asynchronous Continuing Medical Education Learning Environments (Curran & Others) **2005, 17:**240–246

Curricula, multiple sites

Clerkship Sharing on Inpatient Internal Medicine Rotations: An Emerging Clerkship Model (Durning & Others) **2005, 17:**49–55

Curriculum change

A Needs Assessment for Communication Skills Curriculum in Iran (Tavakol & Others) **2005, 17:**36–41

Advancing Geriatrics Education: Evaluation of a New Curricular Initiative (Roscoe & Others) **2005, 17:**358–365

Curriculum design and evaluation

A Comparison Of In-Class Learner Engagement Across Lecture, Problem-Based Learning, And Team Learning Using The Strobe Classroom Observation Tool (Kelly & Others) **2005, 17:**112–118

Adaption of Team Learning to an Introductory Graduate Pharmacology Course (Dunaway) **2005, 17:**56–62

Clerkship Sharing on Inpatient Internal Medicine Rotations: An Emerging Clerkship Model (Durning & Others) **2005, 17:**49–55

Development of an Advocacy Curriculum in a Pediatric Residency Program (Wright & Others) **2005, 17:**142–148

Effect of Electronic Versus Print Format and Different Reading Resources on Knowledge Acquisition in the Third Year Medicine Clerkship (DeZee & Others) **2005, 17:**352–357

Structured Problem-Related Anatomy Demonstrations: Making Order Of Random Teaching Events (Abu-Hijleh & Others) **2005, 17:**69–73

Teaching About Family Violence: A Proposed Model Curriculum, (Hill) **2005, 17**:169–178

Evaluation, clinical

Letter to the Editor: What Does Performance On A Standardized Test Mean In Relation To Patient Experiences In Different Venues? (Greenberg) **2005, 17**:192

Evaluation, methods

Comedy Workshop: An Enjoyable Way to Develop Multiple Choice Questions (Droegemueller & Others) **2005, 17:**290–291

Editorial: Self-Assessment in Medical Practice: A Further Concern About the Conventional Research Paradigm (Colliver & Others) **2005, 17:**200–201

Measuring Teaching Effectiveness in a Pre–Clinical Multi-Instructor Course: A Case Study in the Development and Application of a Brief Instructor Rating Scale (Leamon & Fields) **2005, 17**:119–129

Reliability and Validity of Checklists and Global Ratings by Standardized Students, Trained Raters and Faculty Raters in an Objective Structured Teaching Exercise (OSTE) (Quirk & Others) **2005, 17:** 202–209

The Effects of Group Dynamics on Resident Progress Committee Deliberations (Williams & Others) **2005, 17:**96–100

Faculty characteristics and skills

Pimping: Perspectives of 4th year Medical Students (Wear & Others) **2005, 17**:184–191

Faculty development

Impact of a Residency Research Program on Research Activity, Faculty Involvement and Institutional Cost (Fischer & Cation) **2005, 17:**159–165

Measuring Teaching Effectiveness in a Pre-Clinical Multi-Instructor Course: A Case Study in the Development and Application of a Brief Instructor Rating Scale (Leamon & Fields) **2005, 17**:119–129

Outcomes of a Teaching Scholars Program to Promote Leadership in Faculty Development (Rosenbaum & Others) **2005, 17:**247–253

Family medicine-family practice

Mini-Immersion in Medical Spanish for Family Practice Residents (Frasier & Others) **2005, 17:**292–296

The Family Medicine Clerkship Over the Past Ten Years at Ben Gurion University of the Negev (Peleg & Others) **2005, 17:**258–262

Geriatrics

Advancing Geriatrics Education: Evaluation of a New Curricular Initiative (Roscoe & Others) **2005, 17:**358–365

Graduate medical education

A Rural and Regional Community Multi-Specialty Residency Training Network Developed by the University of Western Ontario, (Rourke) **2005, 17:**382–387

Assessing the Reliability and Validity of a Residency Selection Process Examination: A Preliminary Study Between the National Board of Medical Examiners and the University of Panama Faculty of Medicine (De Champlain & Others) **2005, 17**:14–20

Book Review of *The Residency Survival Manual: Tools and Tips to Help You Make it Through Residency Training*, by Robert Bing-You, (Greenberg) **2005, 17:**92

Elective Rotations and Their Impact on Resident and Faculty Decision Making (Baptist & Others) **2005, 17:**334–338

Expectations of Groups Versus Pairs of Attendings and Residents About Phone Communications and Bedside Evaluation of Hospitalized Patients (Tabas & Others) **2005, 17:**217–227

Factors Associated with Citation of Internal Medicine Residency Programs for Lack of Scholarly Activity (Levine & Others) **2005, 17:**330–333

Mini-Immersion in Medical Spanish for Family Practice Residents (Frasier & Others) **2005, 17:**292–296

Simulation-Based Training of Internal Medicine Residents in Advanced Cardiac Life Support Protocols: A Randomized Trial (Wayne & Others) **2005, 17:**210–216

The Effects of Group Dynamics on Resident Progress Committee Deliberations (Williams & Others) **2005, 17:**96–100

Internal medicine

A Time and Motion Study of the Effect of Ambulatory Medical Students on the Duration of General Internal Medicine Clinics (Denton & Others) **2005, 17:**285–289

Clerkship Sharing on Inpatient Internal Medicine Rotations: An Emerging Clerkship Model (Durning & Others) **2005, 17:**49–55

Effect of Electronic Versus Print Format and Different Reading Resources on Knowledge Acquisition in the Third Year Medicine Clerkship (DeZee & Others) **2005, 17:**352–357

Factors Associated with Citation of Internal Medicine Residency Programs for Lack of Scholarly Activity (Levine & Others) **2005, 17:**330–333

Internists Training Medical Residents in Pelvic Examination: Impact of an Educational Program (Goldstein & Others) **2005, 17:**274–278

Psychometric Characteristics of a Write-Up Assessment Form in a Medicine Core Clerkship (Kogan & Shea) **2005, 17:**101–106

Review of Medical Education Articles in Internal Medicine Journals, (Kogan) **2005, 17:**307–311

Simulation-Based Training of Internal Medicine Residents in Advanced Cardiac Life Support Protocols: A Randomized Trial (Wayne & Others) **2005, 17:**210–216

Teaching Evidence-Based Medicine to Internal Medicine Residents: The Efficacy of Conferences versus Small-Group Discussion (Thomas & Others) **2005, 17**:130–135

Medical education, broad issues

A Survey Of Attitudes Towards Homosexuality In Hong Kong Chinese Medical Students (Hon & Others) **2005, 17:**346–351

Dimensions of Clinical Medicine: An Interclerkship Program (Sakowski & Others) **2005, 17:**374–381

Exploratory Thoughts Concerning Educational Reform With Problem-Based Learning In China (Song & Others) **2005, 17:**388–391

Medical education, international

Review of Medical Education Articles in Internal Medicine Journals, (Kogan) **2005, 17:**307–311

Writing-Skills Development in the Health Professions (Rawson & Others) **2005, 17:**233–239

Medical humanities

Narrative Means to Humanistic Ends (Pullman & Others) **2005, 17:**279–284

Medical students' attitudes and values

A Survey Of Attitudes Towards Homosexuality In Hong Kong Chinese Medical Students (Hon & Others) **2005, 17:**346–351

How Does Pre-Admission Community Service Compare With Community Service During Medical School? (Blue & Others) **2005, 17:**316–322

Medical students' problems or disabilities

Development And Implementation Of A Clerkship Counseling Hotline (Gallagher & Others) **2005, 17:**80–84

Pimping: Perspectives of 4th year Medical Students (Wear & Others) **2005, 17**:184–191

Objective structured clinical examinations, (OSCEs)

Reliability and Validity of Checklists and Global Ratings by Standardized Students, Trained Raters and Faculty Raters in an Objective Structured Teaching Exercise (OSTE) (Quirk & Others) **2005, 17:** 202–209

Pediatrics

Development of an Advocacy Curriculum in a Pediatric Residency Program (Wright & Others) **2005, 17:**142–148

Physical diagnosis courses

Examining the Medical Student Body: Peer Physical Exams and Genital, Rectal or Breast Exams (Power & Center) **2005, 17:**339–345

Preclinical science

Adaption of Team Learning to an Introductory Graduate Pharmacology Course (Dunaway) **2005, 17:**56–62

Preventive medicine

A Physician Fitness Program: Enhancing The Physician As An "Exercise" Role Model For Patients (Rogers & Others) **2005, 17**:27–35

Primary care

Teaching Care Management in a Longitudinal Primary Care Clerkship (Peters & Others) **2005, 17:**323–329

Problem-based learning

A Comparison Of In-Class Learner Engagement Across Lecture, Problem-Based Learning, And Team Learning Using The Strobe Classroom Observation Tool (Kelly & Others) **2005, 17**:112–118

Exploratory Thoughts Concerning Educational Reform With Problem-Based Learning In China (Song & Others) **2005, 17:**388–391

Facilitation of Problem Finding among First Year Medical School Students Undergoing Problem-Based Learning (Yoshioka & Others) **2005, 17**:136–141

Medical Students' Perception of Good PBL Tutors in Taiwan. (Lin) **2005, 17**:179–183

Structured Problem-Related Anatomy Demonstrations: Making Order Of Random Teaching Events (Abu-Hijleh & Others) **2005, 17:**69–73

Psychomotor skills

Use of a Novel Animal Prototype to Teach Advanced Airway Management Skills (Cummings & Others) **2005, 17**:63–68

Research skills

Impact of a Residency Research Program on Research Activity, Faculty Involvement and Institutional Cost (Fischer & Cation) **2005, 17:**159–165

The Development of A Mandatory Medical Thesis in An Urban Medical School (Ogunyemi & Others) **2005, 17:**366–373

Writing-Skills Development in the Health Professions (Rawson & Others) **2005, 17:**233–239

Resident teaching skills

Internists Training Medical Residents in Pelvic Examination: Impact of an Educational Program (Goldstein & Others) **2005, 17:**274–278

The Influence Of Residents Training Level On Their Evaluation Of Clinical Teaching Faculty (Steiner & Others) **2005, 17:**42–48

Standardized patients

Face-to-Face Clinical Skills Feedback: Lessons From the Analysis of Standardized Patients' Work (Pfeiffer & Others) **2005, 17:**254–257

Reliability and Validity of Checklists and Global Ratings by Standardized Students, Trained Raters and Faculty Raters in an Objective Structured Teaching Exercise (OSTE) (Quirk & Others) **2005, 17:** 202–209

Use of "Standardized Examinees" to Screen for Standardized-patient Scoring Bias in a Clinical Skills Examination (Worth-Dickstein & Others) **2005, 17**:9–13

Using Standardized Patient Outcome to Measure the Effect of Teaching Asthma-Related Patient Education and Information Giving Skills to Medical Students (Lo Sasso & Others) **2005, 17:**228–232

Teaching skills

Drawing Conclusions from the Team Learning Literature In Health-Sciences Education: A Commentary (Michaelsen & Richards) **2005, 17:**85–88

Measuring Teaching Effectiveness in a Pre-Clinical Multi-Instructor Course: A Case Study in the Development and Application of a Brief Instructor Rating Scale (Leamon & Fields) **2005, 17**:119–129
